

Each silhouette includes a vital-zone target — practise head shots.

## STARLING

Head zone, 1/2"

## SQUIRREL

Head zone, 1"

## RABBIT

Head zone, 1-1/2"

## RACCOON

Head zone, 2"

How to use: Shoot from 25 or 50 yards. Practise placing your shot in the vital zone marked on each silhouette — head shots only on pellet-class rifles. Mark hits with chalk or marker. Vital sizes are realistic minimums.
